

DEXTER™ + DEXTER PLUS™

Indestructible seating designed
for the 24-hour workplace

DEXTER™ + DEXTER PLUS™

Intensive use and multi-shift seating is comfortable, generous and well designed

This state-of-the-art multi-shift, intensive use seating is designed with a wide range of adjustment possibilities. Rated at a 350lb. weight capacity and featuring a high-density molded seat and back foam, Dexter and Dexter Plus models accommodate users who prefer extra room and long lasting comfort. Select from the multiple adjustments to make your chair fit and support you perfectly throughout your workday.

2433-16 (TD) - Medium Back Synchro-Tilter with TD arms

2436-1 - High Back Synchro-Tilter

comfort + support

A PERFECT FIT ALL DAY

Accommodates big and tall users up to 350 lbs.

* Heavy duty seat spring suspension provides superior comfort

**An easy to use knob on the chair back increases and decreases the curvature of the lumbar support for desired level of comfort

Tension adjustment allows user to balance tilt action to their desired weight

Seat height adjustment

Tilt locking control with free float can be locked in one of five tilt positions. Features anti-kick back locking device

High-density molded foam seat and back cushions conform to natural body curves

Height and width adjustable arms with self-skinned urethane arm caps

* Heavy-duty tubular steel frame ensures lasting performance

* Removable seat cushion, no tools

Seat depth control with 2" adjustment range

Heavy duty 2" wheel casters

***Standard on 2432-16, 2433-16, 2452-16 and 2453-16 Dexter Plus models only**

**** Standard on 2452-16, 2453-16, 2456-1, 2457-1 models only**

Dexter
